

Winter Wonder Gifts

IN Los Angeles' picks
for the must-haves
and must-wants
for holiday '08.

BY JEFF KATZ

The **Espresso Home Bike** is the perfect tool for keeping a body tight and toned. What sets the Espresso Bike apart from all other models is its Web capability, so riders can choose from 30 virtual road courses and follow along on the 19-inch LCD screen. It also features great memory technology, so riders can track their progress over time as they try to beat their own records, and comes in both a recumbent and upright version.

\$5,300-5,500,
