Expresso Fitness S2r Recumbent Bike

- First bike of its type to fuse Web-based exer-gaming features with a customized workout experience.
- Includes the hardware and software that is standard on all Expresso bikes, while providing a low-profile machine and a 19-inch wide screen for viewing signature tours and chases.
- Additional features include a comfortable ergonomic seat and back rest, and a lower, walk-through design that enhances stability and permits riders to easily get on and off.
